**GEOCACHING** is a real-world, outdoor treasure hunting game. Players try to locate hidden containers, called geocaches, using GPS-enabled devices and then share their experiences online.

**GEOCACHING BASICS**

**Before You Go**
- Learn how to operate your GPS device and bring extra batteries.
- Select a geocache with terrain and difficulty ratings that will meet your goals. A (1/1) is easiest, a (5/5) is the most difficult.
- Read the geocache description and don’t forget the hints. It is also a good idea to bring a map.
- Remember that a geocache can take longer to find depending on environmental obstacles.
- Pack any needed supplies such as water, food and extra clothing.
- Invite friends and family with you; sharing the experience can be very rewarding.
- Let someone else know where you are going.

**On Your Way**
- Mark your car or a trailhead as a waypoint to ensure your safe return.
- Rely on your eyes rather than your GPS device within 50 feet of the geocache location.
- Remember, geocaches are hidden in plain sight and never buried, but they are often very cleverly camouflaged.
- Be mindful of the environment; practice Cache In Trash Out.

**After the Find**
- Sign the cache logbook.
- Leave the cache as you found it (hidden, of course).
- Share your geocaching stories and photos online at Geocaching.com.

**Rules of Geocaching**
- If you take something from the cache, leave something of equal or greater value.
- Write about your find in the cache logbook.

**Basic Guidelines**
- Geocaches should never be buried or placed in a location that might cause unnecessary concern.
- Don’t place items such as food, explosives, knives, drugs or alcohol in a geocache.
- Geocache contents should be family friendly.
- Respect local laws and obey posted signs.

**A Reason to Get Outdoors**
Geocaching combines technology with outdoor adventure and is a great way to explore locations near and far. Pair geocaching with camping, hiking, biking, boating or any number of activities for an even more enjoyable experience.

**The “Treasure”**
In its simplest form, a geocache contains a logbook or logsheet for you to sign. Caches may also contain items for trade, but the journey in discovering a geocache is often the greatest reward.

**Location, Location, Location**
There are geocaches on every continent, from Antarctica to North America. They may be at your local park, the end of a long hike, underwater, or on the side of a city street.

**A Global Community**
People from all age groups can participate in geocaching, including families with children, students, adults and retirees. Geocaching is a great way to bring friends and family together while having fun outdoors.

**GEOCACHING IN 8 EASY STEPS**

1. Go to www.geocaching.com and register for a free account.
2. Visit the Geocaching.com homepage.
3. Enter a location and click the magnifying glass to search.
4. Choose any geocache on the results page and click on its name.
5. Enter the coordinates of the geocache into your GPS device.
6. Use your GPS device to help you find the hidden geocache.
7. Sign the logbook and return the geocache to its original location.
8. Share your geocaching stories and photos online.

Cache In Trash Out is a worldwide environmental clean-up effort supported by the geocaching community. Since 2002, geocachers have been dedicated to cleaning up parks and other cache-friendly places around the world. Check the online event calendar to participate in organized clean-ups in your area.
